Historic Somerville

in collaboration with the

Somerville Historic Preservation Commission

presents the launching of

Milk Row Cemetery Public Openings

Last Opening until late spring 2015: Tues. Nov. 18th, 3-4:30pm

(heavy rain or winds cancel)

Wondering about the residents of this Somerville Avenue Cemetery?

This small historic site, established in 1804, is usually closed to the public except for two annual events in May and October. Volunteer docents dressed in historic period clothing will be on hand to help people learn a little about the buried residents, from as far back as Revolutionary times, and their history within the community, once known as "Beyond the Neck." The grounds may also be appreciated as a peaceful retreat for reading and contemplation.

If interested in being a **Docent**, or joining a **Friends of the Milk Row Cemetery** group, or for more information, please contact bwilson@somervillema.gov or 617-625-6600 x2532 or Barbara Mangum at info@historicsomerville.org or 617-331-7726.

*please check www.somervillema.gov/historicpreservation for next opening dates, beginning Spring, 2015.
