

Need to improve your old windows? Thinking about replacing them? Think again!

How to Repair Windows Yourself, Plus Tips for Hiring Others to Do It!

Saturday, September 21, 2013 10am—3pm

Somerville Museum

One Westwood Road (at the corner of Central Street)

After the success of our June workshop, window expert David Liberty, owner of windowrepair.com, returns for a second workshop demonstrating repair methods and techniques.

"I thought the **class was excellent** and I learned a lot more than I was expecting...I **look forward to rebuilding all of my windows and have already bought supplies.**" (Seth K., June Workshop Participant)

Why Restore Instead of Replace?

RESTORING IS:

- Environmentally Friendly
- Energy Efficient
- Cost Effective
- Maintaining a higher quality window

Sponsored by the Somerville Historic Preservation Commission and Historic Somerville, Inc.

Windows are a key part of what defines the character of your home. With proper tools and care, your windows can last for many years. This workshop will be a hands-on demonstration with an actual window from the Somerville Museum

The class is only \$50 per person, with a maximum of 15. All proceeds will go to the Somerville Museum Building Fund to help support their "Access For All" ADA Project.

To register, contact SHPC Executive Director Brandon Wilson via bwilson@somervillema.gov, or Preservation Planner Kristi Chase at (617) 625-6600 x2525, or kchase@somervillema.gov
