HISTORIC PRESERVATION COMMISSION

AGENDA for the public meeting of PREFERABLY PRESERVED STRUCTURES

The Somerville Historic Preservation Commission will hold a public meeting on **Thursday, May 7, 2015, at 6:30 p.m.** in City Hall, 3rd Floor Conference Room, 93 Highland Avenue, Somerville, MA. Please note that the start times listed below are estimates only and cases may be moved up or pushed back at the discretion of Staff.

The purpose of the meeting is to seek alternatives to demolition for structures determined by the Historic Preservation Commission to be Preferably Preserved and to make recommendations to the Historic Preservation Commission at a future Commission meeting on the following Preferably Preserved structure(s):

6:30 PM to 7:00 PM

56 Line Street HPC 2014.088

Delay Period Ends: 10/20//2015

Building Description: c. 1874 dwelling

Significance: The building is "Significant" & "Preferably Preserved." The structure was determined 'Significant' due to an association of the property with the broad architectural, cultural, economic and social history of the City due to its association with laborers and the early development of Winter Hill and representative of 19th century workers housing stock due to the remaining integrity of the structure with regard to original form, and massing and the early development of that section of Winter Hill. The Commission found demolition detrimental due to the rarity of this type of residential dwelling within the City, its association with laborers and the early development of Winter Hill, and its ability to convey the life of 19th century workers by the representative character of the housing stock and through the remaining integrity of the structure with regard to original form, and massing and through its location, the early development of that section of Winter Hill
