

## Beacon Street Meeting Five – January 28, 2013

### Agenda:

To start the meeting, a representative of each interest group – the residents, business owners, and the Somerville Bicycle Committee – to prepare a brief presentation (8-10 minutes) outlining the interests and concerns of their group for the project and the neighborhood as a whole. The City will work with the selected presenters if they need any images or information.

This will be followed by an open Q&A so that attendees can better understand the various points of view.

From this discussion, we will transition into a brief presentation on the revised Beacon Street plans that were submitted recently to MassDOT. These plans reflect responses to what we have heard from the community to date.

After that, there will be breakout work sessions to identify the pros and cons of the evolving plan and to focus on potential areas for further improvement.

As always, information on the project is available at [www.somervillema.gov/beaconstreet](http://www.somervillema.gov/beaconstreet).
