Brown School Improvement Plan Goals, September 2013-June 2014

Goal 1: We will maintain a school-wide median student growth percentile of 60 on 4th-6th grade MCAS tests. The median SGP at each grade level and at each performance level will not be less than 55.

Goal 2: We will increase our % of students scoring Advanced or Proficient on math MCAS 10 percent from spring 2013 to spring 2014.

Goal 3: By spring 2014, 100% of parents/guardians will report that they have access to adequate information regarding grade level and school expectations to support learning at home.

Goal 4: Create two outdoor classroom spaces in collaboration with community partners. This will increase instructional space and opportunities for hands-on curricular experiences, particularly in science.
