Appeal #ZBA 2014-30 was opened before the Zoning Board of Appeals at Somerville City Hall on May 7, 2014. Notice of the Public Hearing was given to persons affected and was published and posted, all as required by M.G.L. c. 40A, sec. 11 and the Somerville Zoning Ordinance. After one hearing of deliberation, the Zoning Board of Appeals took a vote.

**DESCRIPTION:**

The proposal is to add an additional floor on an existing 1-story rear addition, making it a 2-story addition. The existing basement enclosed patio will be demolished and a deck with stairs into the yard will be added in the same footprint. The small side bay will be demolished as part of the renovation. The renovations will allow for an additional bedroom and bathrooms in the house.

**FINDINGS FOR SPECIAL PERMIT (SZO §4.4.1):**

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. Information Supplied: The Board finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. Compliance with Standards: The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."

Lawfully existing one- and two-family dwellings which are nonconforming with respect to dimensional requirements, may be enlarged, expanded, renovated, or altered by special permit per SZO §4.4.1. The second story addition on a nonconforming side yard requires such relief. There is no parking relief associated with this application, no additional spaces are required.

In considering a special permit under §4.4, the Board finds that the alterations proposed would not be substantially more detrimental to the neighborhood than the existing structure. The existing bay that protruded into the narrow sideyard will be demolished allowing for a wider and free flowing path around the house.

3. Consistency with Purposes: The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to promoting the health, safety, and welfare of the inhabitants of the City of Somerville; to provide for and maintain the uniquely integrated structure of uses in the City; to conserve the value of land and buildings; and to preserve the historical and architectural resources of the City.

The proposal is consistent with the purpose of the district, which is, "To establish and preserve medium density neighborhoods of one-, two- and three-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts. "

4. Site and Area Compatibility: The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."

The street and surrounding neighborhood southwest of the subject property are residential in character with single-, two-, and three-family homes. Immediately to the northeast/behind the property are multi family dwelling units, SCC's St. Polycarp development. The neighborhood has easy access to Foss Park and the Broadway commercial corridor.

There are little to no impacts of the proposal except those customary to residential uses. The addition will fit in with the surrounding area, remove a side bay that further encroached the side yard of the home, and keep the street view of the home intact.

**DECISION:**

Present and sitting were Members Herbert Foster, Orsola Susan Fontano, Richard Rossetti, Danielle Evans and Elaine Severino. Upon making the above findings, Susan Fontano made a motion to approve the request for a Special Permit. Richard Rossetti seconded the motion. Wherefore the Zoning Board of Appeals voted **5-0** to **APPROVE** the request. In addition the following conditions were attached:
