<u>Date of Application:</u>	August 27, 2014

<u>Date of Decision:</u>	October 15, 2014

Appeal #ZBA 2014-89 was opened before the Zoning Board of Appeals at Somerville High School auditorium on October 15, 2014. Notice of the Public Hearing was given to persons affected and was published and posted, all as required by M.G.L. c. 40A, sec. 11 and the Somerville Zoning Ordinance. After one hearing of deliberation, the Zoning Board of Appeals took a vote.

DESCRIPTION:

The proposal is to add a shed dormer on the left side of the property to allow for a new set of stairs and bathroom. There will also be by-right dormers added to the right side of the roof to allow for additional square footage in the bedrooms. The proposed FAR is .63.

FINDINGS FOR SPECIAL PERMIT (SZO §4.4.1):

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. Information Supplied:

The Board finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. Compliance with Standards: *The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."*

According to SZO §4.4.1 alterations to a nonconforming one- and two-family dwellings which are nonconforming with respect to dimensional requirements, may be enlarged, expanded, renovated, or altered by special permit.

In considering a special permit under §4.4 of the SZO, the Board finds that the alterations proposed would not be substantially more detrimental to the neighborhood than the existing structure. The proposal includes 2 fake window on the dormer to break up the length of the dormer. The dormer cannot have real windows because it is too close to the property line. There will be skylights.

3. Consistency with Purposes: *The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."*

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to promoting the health, safety, and welfare of the inhabitants of the City of Somerville; to provide for and maintain the uniquely integrated structure of uses in the City; and to encourage housing for persons of all income levels.

The proposal is consistent with the purpose of the district, which is, "To establish and preserve quiet neighborhoods of one- and two-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts."

4. Site and Area Compatibility: *The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."*

The surrounding neighborhood is a mix of one-, two-, and three-family dwelling units. The property is near the intersection of School and Summer Streets which has some neighborhood services including a gas station and convenience store.

There are little to no impacts to the proposal. Dormers are typical additions to Somerville homes and are common in this area.

5. Housing Impact: *Will not create adverse impacts on the stock of existing affordable housing.*

There will be no impact on existing affordable housing.

6. SomerVision Plan: *Complies with the applicable goals, policies and actions of the SomerVision plan, including the following, as appropriate: Preserve and enhance the character of Somerville’s neighborhoods, transform key opportunity areas, preserve and expand an integrated, balanced mix of safe, affordable and environmentally sound rental and homeownership units for households of all sizes and types from diverse social and economic groups; and, make Somerville a regional employment center with a mix of diverse and high-quality jobs. The areas in the SomerVision map that are designated as enhance and transform should most significantly contribute towards the SomerVision goals that are outlined in the table below. The areas marked as conserve are not expected to greatly increase the figures in the table since these areas are not intended for large scale change.*

This proposal complies with the SomerVision Plan by allowing homeowners to make minor modifications to their home.

DECISION:

Present and sitting were Members Herbert Foster, Orsola Susan Fontano, Richard Rossetti, Danielle Evans and Elaine Severino with Brandy Brooks absent. Upon making the above findings, Susan Fontano made a motion to approve the request for a Special Permit. Richard Rossetti seconded the motion.
