Appeal #ZBA 2014-110 was opened before the Zoning Board of Appeals at Somerville City Hall on December 10, 2014. Notice of the Public Hearing was given to persons affected and was published and posted, all as required by M.G.L. c. 40A, sec. 11 and the Somerville Zoning Ordinance. After one hearing of deliberation, the Zoning Board of Appeals took a vote.

DESCRIPTION:

The proposal is to finish one side of the basement with a living room/playroom and bathroom.

FINDINGS FOR SPECIAL PERMIT (SZO §4.4.1):

In order to grant a special permit, the SPGA must make certain findings and determinations as outlined in §5.1.4 of the SZO. This section of the report goes through §5.1.4 in detail.

1. Information Supplied:

The Board finds that the information provided by the Applicant conforms to the requirements of §5.1.2 of the SZO and allows for a comprehensive analysis of the project with respect to the required Special Permits.

2. Compliance with Standards: *The Applicant must comply "with such criteria or standards as may be set forth in this Ordinance which refer to the granting of the requested special permit."*

Per the SZO §4.4.1 lawfully existing nonconforming structures other than one- and two-family dwellings may be enlarged, extended, renovated or altered by special permit. The expansion of a nonconforming FAR requires a Special Permit.

In considering a special permit under §4.4 of the SZO, the Board finds that the alterations proposed would not be substantially more detrimental to the neighborhood than the existing structure.

3. Consistency with Purposes: *The Applicant has to ensure that the project "is consistent with (1) the general purposes of this Ordinance as set forth in Article 1, and (2) the purposes, provisions, and specific objectives applicable to the requested special permit which may be set forth elsewhere in this Ordinance, such as, but not limited to, those purposes at the beginning of the various Articles."*

The proposal is consistent with the general purposes of the Ordinance as set forth under §1.2, which includes, but is not limited to promoting the health, safety, and welfare of the inhabitants of the City of Somerville; to preserve the historical and architectural resources of the City; and to encourage housing for persons of all income levels.

The proposal is consistent with the purpose of the district, which is, "To establish and preserve quiet neighborhoods of one- and two-family homes, free from other uses except those which are both compatible with and convenient to the residents of such districts."

4. Site and Area Compatibility: *The Applicant has to ensure that the project "(i)s designed in a manner that is compatible with the characteristics of the built and unbuilt surrounding area, including land uses."*

The surrounding neighborhood is a mix of single and multifamily buildings. The property is in very close proximity to the businesses and services in Magoun Square.

There are no impacts to the proposal except those associated with residential uses. The proposed changes are internal to the structure. The windows will be upgraded but that is a one-for-one replacement in existing openings.

5. Housing Impact: *Will not create adverse impacts on the stock of existing affordable housing.*

This proposal will have no impact on existing affordable housing.

6. SomerVision Plan: *Complies with the applicable goals, policies and actions of the SomerVision plan, including the following, as appropriate: Preserve and enhance the character of Somerville's neighborhoods,*

transform key opportunity areas, preserve and expand an integrated, balanced mix of safe, affordable and environmentally sound rental and homeownership units for households of all sizes and types from diverse social and economic groups; and, make Somerville a regional employment center with a mix of diverse and high-quality jobs. The areas in the SomerVision map that are designated as enhance and transform should most significantly contribute towards the SomerVision goals that are outlined in the table below. The areas marked as conserve are not expected to greatly increase the figures in the table since these areas are not intended for large scale change.

The proposal does not directly contribute to the SomerVision goals but does allow a homeowner to make minor modifications to their property. In this case, the modification does not change the form of the building.

DECISION:

Present and sitting were Members Orsola Susan Fontano, Richard Rossetti, Danielle Evans, Elaine Severino and Josh Safdie with Herbert Foster absent. Upon making the above findings, Susan Fontano made a motion to approve the request for a Special Permit. Richard Rossetti seconded the motion. Wherefore the Zoning Board of Appeals voted **5-0** to **APPROVE** the request. In addition the following conditions were attached:
