RB zone. *The ZBA voted on February 20, 2008 to grant the Applicant's request for a continuance to March 5, 2008.*

*Attorney Richard DiGirolamo appeared on behalf of the Applicant. He stated the Applicant is proposing a martial arts studio to occupy the 5,300 s.f. space. A community meeting was sponsored by Ward 2 Alderman Maryann Heuston and the proposal was well received by the neighborhood. Mr. DiGirolamo stated that the 7 parking spaces met the demand based on the building's design occupancy (27 people). Chairman Foster stated that he had spoken to Alderman Heuston and she stated that the neighborhood was in support of the project but that*

*she wanted to require an additional condition: that additional Special Permit review would be required if the Owner were to have any change in use. This condition was included in the staff recommendation. Chairman Foster acknowledged a letter of support from Union Square Main Streets. Susan Fontano stated that this project did not seem detrimental to the neighborhood and made a motion to approve the Applicant's request. Elaine Severino seconded the motion. Upon a vote, the motion passed unanimously 5-0 with Elaine Severino voting.*

**88 Beacon Street:** (Case # ZBA 2007-65) Applicant Nextel Communications of the Mid-Atlantic, Inc. & Owner 88 Beacon Street Realty, Inc. seek a special permit under SZO §7.11.15.3 to install a wireless communications facility on the roof of 88 Beacon Street, Somerville. Pursuant to an Order of the Superior Court, dated October 23, 2007, the Zoning Board of Appeals will conduct a *de novo* hearing on the request. See, Kramer v. Ercolini et al., Superior Court C.A. No. MICV03-2174. *The Board voted on February 20, 2008 to grant the Applicant's request for a continuance to March 5, 2008.*

*Attorney Steve Grill appeared on behalf of Nextel Communications. Mr. Grill presented maps indicating wireless service coverage in the area. Mr. Grill stated that the sites at 15 Warren, 59 Union Square and 10 Webster Avenue, which are located to the East of the proposed site do not provide the same coverage as 88 Beacon Street. He stated that use of those sites would leave a significant gap in coverage to the West. The site at 120 Beacon Street, which is located to the North of the proposed site would not provide coverage to the East. Mr. Grill also stated that the Applicant had looked at two sites in Cambridge, (1493 Cambridge Street and 1575 Cambridge Street) and neither would have provided sufficient coverage. Mr. Grill stated that the antenna couldn't be lowered on the site of 88 Beacon Street because that would affect the coverage. Mr. Grill stated that if the antenna were to be moved to the rooftop of 94 Beacon Street there would be interference with the signal. Madeleine Masters testified that Staff had spoken with the management company for 94 Beacon Street and the roof could not accommodate more facilities and they would not consent to façade mountings. Applicant's radiofrequency engineer, Joseph Sutherland testified that none of the sites presented would comply with coverage requirements. Attorney Grill also presented a report from Traffic Solutions. Mr. Grill testified that if the change were made to put the shelter in the parking lot the antennas would still be up on roof and would still impact Mr. Kramer's view Madeleine Masters contested Attorney Grill's comments and stated that the point the City still maintains is that the court has ordered no deference be given to the prior approval and she rejects that part of the argument which asks the Board to consider previous findings made by the*

*Planning Board and Zoning Board of Appeals without the benefit of public testimony. Ms. Masters testified that in regards to the comments to the interest of Mr. Kramer's rights versus community interest in protecting views as a whole. Ms. Masters stated emphatically that while we are not dealing with a property right to a view, the Staff considers very seriously impacts of developments to abutters and views would be considered particularly when that burden is imposed more on a few members than society in general. Chairman Foster stated that he would like something more tangible at this point and requested that a peer review consultant be obtained in order to make a decision. Susan Fontano made a motion to continue the application to April 2, 2008 in order to obtain a peer review consultant. Richard Rossetti seconded the motion.
