**VI. REPORT OF SUPERINTENDENT**

Dr. Argenziano reported on the following items:

1. Reported that it was discussed earlier this evening, at the Finance Meeting, to change the date of the scheduled Executives Session from Thursday evening, December 12, 2002 to Monday, December 9, 2002. This would allow members to be able to attend the Football Banquet scheduled for December 12<sup>th</sup>. All members agreed to this change.
2. Under "New Business" Dr. Argenziano will present the 2003-2004 School Calendar for approval.
3. The Cylce II School Performance Rating Report and an MCAS spreadsheet from the Boston Globe was provided to members. This was an MCAS rating by district, Abington through Whitman-Hanson including the regions. Somerville was at the moderate above target in the verbal scores and low but above target in the mathematics scores. The Superintendent reported that other than Medford, we were ahead of all other desegregation communities. Also in the Boston Globe was an article by the Beacon Institute, which is out of Suffolk University. They did their own study of just urban centers and communities and their report listed every school. When Dr. Argenziano receives a complete report, he will provide members with a copy.

Ms. Murray requested the Cycle II School Performance Rating report be listed as an agenda item for the next Ed. Programs and Instruction Subcommittee meeting.

Discussion took place regarding the No Child Left Behind Act, as Ms. Rossetti brought up concerns she had. She inquired whether or not there has been word on the funding of the NCLB Act from Congress. She stated if the support is not there, how can the law be implemented? And why, therefore, are we now left with increased federal mandates and decreased funding? Ms. Rossetti advised members she would like the committee to voice their dismay and concerns immediately.

**MOTION:** Ms. Rossetti made a motion, seconded by Ms. Taylor, that communication be forwarded to our Senators and Congressmen expressing the committee's concern of lack of funding to support the federally mandated education programs of the No Child Left Behind Act. The Somerville School Committee, therefore, request the Government be held accountable for all schools ratings until financial support is received, and the motion was approved by voice vote.

**FRIENDLY AMENDMENT:** Ms. Bauer suggested a friendly amendment to the above motion that this communication also be sent President Bush. Ms. Rossetti accepted the friendly amendment.

Ms. Rossetti requested that a copy of the above communication also be forwarded to our Massachusetts Association of School Committees for distribution to all School Committees in Massachusetts.

**VI. REPORT OF SUPERINTENDENT (cont.)**

- ✓ Work Orders/Building Update

Mr. Robert A. Ciampi, Facilities Personnel & Property Services Director gave an update on work orders as it relates to all our schools.

**VIII. UNFINISHED BUSINESS**

**A. CTBS Testing**

Ms. Murray mentioned previous discussion regarding paring the CTBS tests down to just English and asked if this has happened. Mr. Snow responded that last year it was decided the testing would be reduced to two days and two subjects, which would be reading and math sections only. This schedule is now in place.

**IX. NEW BUSINESS**

**A. 2003-2004 School Year Calendar Draft**

The superintendent recommended approval of the 2003-2004 school year calendar draft submitted to members. Approved by voice vote.

**B. MCAS Research Project**

Ms. Rossetti referred to a letter received from Thomas, Warren + Associates, regarding the mathematics MCAS research project commissioned by the Massachusetts Department of Education. Ms. Rossetti asked which two schools were selected to participate in the survey interviews. She would also like input from the Principals whether or not the survey interviews were disruptive for the teachers and administrators, and also how much time was taken away from classroom instruction. The Superintendent responded that, at this time, the only school we have notice of is the East Somerville Community School. When he receives notification on the second school, he will let Ms. Rossetti know.

**C. Title I Paraprofessional Draft Guidance**

Dr. Argenziano responded to questions Ms. Rossetti had regarding the Guidelines of the Title I Paraprofessional "Draft" Guidance. Her concern was if this was just a draft, or if we are, in fact, mandated to follow this Guidance booklet. Other concerns were items listed under the Paraprofessional Assessment. Under No Child Left Behind, all new paraprofessionals should have a minimum of an associates and Ms. Rossetti inquired if this as been followed since September. Mr. Caliri responded that we hire people with at least an Associates Degree or two years of college. When complete, members will receive a copy of the report that Mr. Caliri and Ms. Pamela Holmes are currently compiling.

**D. Home Rule Petition**

Ms. Bauer mentioned she has heard people discussing the possibility of Somerville doing a home rule petition so we would not have to comply with the new Bilingual education referendum. This is a petition that has to come from the Aldermen, be signed by the Mayor and then approved at the State House. She asked if anything formal has been done regarding Somerville putting forth this petition. Ms. Taylor responded she feels there are two theories: 1) whether or not we should go for a home rule petition which would allow Somerville to write their own rules for Bilingual Education or 2) if it would be more effective for Somerville to advocate for the State for changes in the current Bilingual Education law. Ms. Bauer stated she would like to have a more thorough discussion on this issue in an Ed. Programs and Instruction Subcommittee meeting in the very near future.
